COURSE DESCRIPTION

This course addresses family-centered care to meet the needs of child rearing families, including community resources and patient teaching. Learners are provided with an introduction to common health issues of children and related nursing care using a body system approach.

PREREQUISITES

NURS 1203 Nursing Foundations 2; NURS1401 Clinical 1: Foundational

CO-REQUISITES

PSYC 206 Human Growth and Development across the Lifespan

EQUIVALENCY OR TRANSFERABILITY

See Bow Valley College transferability information: Click [here](#)

LEARNING OUTCOMES

Upon successful completion of the course, students will be able to:

- 1: Develop communication techniques related to the care of pediatric patients and their families
- 2: Apply the Conceptual Framework to alterations to pediatric patients, their families and their health issues
- 3: Recognize and document information pertinent to pediatric nursing
- 4: Follow routine practices to maintain safety of the pediatric patient, equipment and the environment
- 5: Identify quantifiable differences between adult and pediatric medication administration
- 6: Apply knowledge of effects of disease processes on growth and development of children

COURSE FORMAT

Including but not limited to: facilitator led-learning, peer-to-peer coaching, lab skill learning and practice

ASSESSMENTS

Related outcomes	Assessment strategy	Weighting
1,2,4,6	Assignment - Provided with assignment directions.	30%
1, 2, 3, 4, 5, 6	Midterm and Final Exams	35% each
Total		100%

Grading will be according to the Bow Valley College letter grade template. An overall minimum final mark for this course must be 64%, letter grade c, grade point value of 3.0 to pass this course.

REQUIRED TEXTBOOKS AND MATERIALS

Perry, S., Hockenberry, M., Lowdermilk, D. Wilson, D. (2017). *Maternal child nursing care in Canada* (2nd ed.). Toronto: Elsevier Canada.

ACADEMIC AND STUDENT CONDUCT

Information on academic standing and student rights and responsibilities can be found in the current Academic Regulations that are posted on the Student Services/Admissions & Registrations web page.

PLAGIARISM

Plagiarism is a serious academic offence. Plagiarism occurs when students present the words of someone else as their own. Plagiarism can be the deliberate use of a whole piece of another person's writing, but more frequently it occurs when students fail to acknowledge and document sources from which they have taken material. Whenever the words, research or ideas of others are directly quoted or paraphrased, they must be documented according to an accepted manuscript style (e.g., APA, CSE, MLA, etc.). Resubmitting a paper which has previously received credit is also considered plagiarism. Students who plagiarize material for assignments will receive a mark of zero (F) on the assignment and may fail the course. Plagiarism may also result in dismissal from a program of study or the College.

YUKON FIRST NATIONS CORE COMPETENCY

Yukon College recognizes that a greater understanding and awareness of Yukon First Nations history, culture and journey towards self-determination will help to build positive relationships among all Yukon citizens. As a result, to graduate from ANY Yukon College program, you will be required to achieve core competency in knowledge of Yukon First Nations. For details, please see www.yukoncollege.yk.ca/yfnccr.

ACADEMIC ACCOMMODATION

Reasonable accommodations are available for students requiring an academic accommodation to fully participate in this class. These accommodations are available for students with a documented disability, chronic condition or any other grounds specified in section 8.0 of the Yukon College Academic Regulations (available on the Yukon College website). It is the student's responsibility to seek these accommodations. If a student requires an academic accommodation, he/she should contact the Learning Assistance Centre (LAC) at (867) 668-8785 or lassist@yukoncollege.yk.ca.
