Sessions will take place in the classroom or the computer lab. For effectiveness and value of the learning process, your attendance and full participation in class sessions are essential.

ASSESSMENTS

Attendance and participation

Regular attendance and participation are essential. Because the material covered in class is cumulative, missing classes will put you at a disadvantage.

If you do miss a class, please let the instructor know (in advance if possible), and the instructor will tell you how to make up for the missed class. Upon returning to class, you are responsible for checking with the instructor to get work or handouts missed during absence(s).

You are responsible for reading the text ahead of class as the classes are designed to highlight the content in the text. The instructor will base lectures and activities on the assumption that you have already reviewed or read the material for that day.

Assignments

Your instructor maintains the discretion to treat each situation of late assignments and missed tests individually.

All assignments must be handed in *before the beginning of class* on the day requested unless previous arrangements have been made *in writing* with the instructor.

Late assignments will lose 10% per day penalty for each of the first three days. No assignment will be marked after the three-day penalty period.

If you feel you have a valid reason why you should not be subject to the penalty, it is your responsibility, as soon as you return, to inform your instructor. All late assignments that are submitted for grading purposes must be accompanied by a written explanation that includes the following:

- Your name
- Course name
- Reason for late (doctor's note if applicable)
- Original due date
- Date submitted

If you know ahead of time that you will be absent, it is your responsibility to provide a written explanation to your instructor. Arrangements can then be made with your instructor for your assignment due dates.

Final Exam

For the final exam, you may create a cheat sheet. The sheet must be approved by the instructor before the exam. No reference materials other than those specified by the instructor are allowed during the term test or final. The final exam is a three-hour exam, and it must be completed within the allotted time.

In order to pass this course, students must obtain 60% or more in the course.

If you are unable to write the final exam for any reason, you must provide advance notice in order to have an opportunity to write at a later date. A doctor's note should be obtained if the reason for missing the assessment is illness. The final exam must be written within 3 days of your return.

Challenging the Final Exam

If you feel you already know the material to be covered in RECM 100, you should speak to your instructor about challenging the final exam. You may challenge the exam ONCE. The exam must be taken on or before **January 27, 2017**. The College course challenge fee will apply.

If you challenge the final exam, you will receive a CC on your transcript. The passing standard is 80%. If you do not meet the passing standard, you are required to complete the whole course in the usual manner.

FINAL POINT FOR WITHDRAWAL

Students may officially withdraw from a course or program without academic penalty until one half of the course contact hours have been completed. The last day that a student may formally withdraw from RECM100 without academic penalty is **Wednesday, February 1, 2017**. Failure to complete the course from that date will result in an “F” on your transcript.

In order to withdraw, a student must submit an official withdrawal form obtained from the Registrar’s Office, or a signed, dated letter that clearly outlines the course name, number and section.

ACADEMIC AND STUDENT CONDUCT

Information on academic standing and student rights and responsibilities can be found in the Academic Regulations:

http://www.yukoncollege.yk.ca//downloads/Yukon_College_2016-17_Academic_Calendar_and_Regulations.pdf

PLAGIARISM

Plagiarism is a serious academic offence. Plagiarism occurs when students present the words of someone else as their own. Plagiarism can be the deliberate use of a whole piece of another person's writing, but more frequently it occurs when students fail to acknowledge and document sources from which they have taken material. Whenever the words, research or ideas of others are directly quoted or paraphrased, they must be documented according to an accepted manuscript style (e.g., APA, CSE, MLA, etc.). Resubmitting a paper which has previously received credit is also considered plagiarism. Students who plagiarize material for assignments will receive a mark of zero (F) on the assignment and may fail the course. Plagiarism may also result in dismissal from a program of study or the College.

CHEATING

Cheating involves actual, intended, or attempted deception and/or dishonest action in relation to any academic work of Yukon College. The penalties for academic dishonesty are severe and are described in section 4.02 and 4.03 of Yukon College's Academic Regulations and Procedures.

Examples of cheating include the following:

Taking unauthorized material into an evaluation and/or talking or communicating with another student during an evaluation. Unauthorized material in an evaluation will be regarded as attempted deception. Unauthorized material includes any notes/documents on your person and non-permitted equipment/devices (e.g. a prohibited model of calculator or an iPhone). If after the evaluation has started it is discovered that you have unauthorized material in your possession, including any information written on a part of your body or on clothing, it will automatically be assumed that cheating has taken place. The consequence will be the award of a mark of zero for the evaluation affected. Talking or communicating with another student during an evaluation is also considered cheating. You are not allowed to talk or communicate in any way with another student whilst you are in the evaluation room. Talking or communicating with another student during an evaluation may result in you receiving a mark of zero for the evaluation affected.

YUKON FIRST NATIONS CORE COMPETENCY

Yukon College recognizes that a greater understanding and awareness of Yukon First Nations history, culture and journey towards self-determination will help to build positive relationships among all Yukon citizens. As a result, to graduate from ANY Yukon College program, you will be required to achieve core competency in knowledge of Yukon First Nations. For details, please see www.yukoncollege.yk.ca/yfnccr.
