Recommended Sequencing Plan (both certificate options shown)

Shown below are sample sequences of courses for your diploma with either Liberal Arts or Heritage and Culture certificates as an interim credential. If you follow this plan, you should be able to graduate in two years, provided you complete ten courses per academic year (up to three semesters per year). The sequences below are an example of how you could complete your core and elective requirements; you may find that a different sequence works as well, though it's important to note that some courses are offered only in Fall or Winter while others are available in both or more (see the "Usual Term" column in the program plan on the previous page).
